Guide to CONAI membership and EPR fee application
This Guide to CONAI membership and EPR fee application is an operational tool drawn up by CONAI which illustrates the consortia procedures required of the various subjects covered by it, together with definitions, examples, technical sheets and interpretations.

This document is an outline of the main themes dealt with by the Guide. For more in-depth information consult the Guide itself.
CONAI: WHAT IT IS AND WHAT IT DOES

CONAI – Consorzio Nazionale Imballaggi – is a private non-profit consortium legally founded to implement the extended producer responsibility (EPR) principle for packaging producers/users, with a membership of approximately 700,000 companies.

On the strength of an EPR Fee (CAC) paid by the companies, the CONAI system takes on municipalities’ separate collection burden and recovery, recycling and use of packaging waste.
CONAI guides the work of 7 Packaging Material Consortia whose members are packaging producers.

In accordance with article 221, paragraph 3, letters a) and c) of Legislative Decree 152/2006, producers can alternatively organise into self-compliance EPR organizations and/or packaging return systems.

There are currently 4 Self-compliance EPR organizations: Conip, Coripet, Sistema P.A.R.I. and Erion Packaging, working in the recycling of specific types of packaging.
JOINING CONAI: WHO HAS TO AND WHO CAN

The following take part in CONAI:

Packaging producers

Packaging material suppliers, manufacturers, processors and importers of empty packaging and packaging materials.

Packaging users

Traders, distributors, fillers, packaging users, and importers of filled packaging.

Foreign companies and agricultural businesses are not required to join CONAI (but can do so). These latter are in any case required to pay EPR fees on empty and/or filled packaging bought in Italy and/or abroad.

Those exempted from the requirement to join CONAI are:

- End packaging users (*)
- Companies which use packaging exclusively from self-compliance EPR organizations

(*) Subjects who buy packaged goods for business or personal consumption purposes but are not engaged in any selling and distribution of the packaged goods bought.

This exemption from joining CONAI does not apply if these subjects:

- engage in business activities with the packaged goods bought, even if this is marginal to their main activities.
- buy packaged goods or empty packaging abroad for business purposes.
- buy empty packaging in Italy for business purposes.
Joining CONAI and paying the membership fee requires using the ‘Online Membership Application’ Service. The membership fee is payable just once and can be modified every year at the discretion of the consortium member.

Companies producing or using packaging (with total sales and service revenues of up to €500,000) can also opt to join CONAI via the trade associations they are members of (simplified admission).

**PENALTIES for failure to join** CONAI or the Consortia (article 261 of Legislative Decree 152/06) levied by the competent bodies (art. 262 of Legislative Decree 152/06):

- **€5000** for producers and users not joining CONAI
- **from €15,000 to €46,500** for producers not joining Packaging Material Consortia

WHEN AND HOW IS THE EPR FEE PAYABLE?
MAIN CASE STUDIES

FIRST TRANSFER OF EMPTY PACKAGING BY PRODUCERS/IMPORTERS/TRADERS TO USERS

Producers, importers, traders of empty packaging (*)

1st transfer (**)
The EPR fee is invoiced in addition to packaging sales prices in a separate row

Packaging users - fillers

Highlight the EPR fee for reference in the invoice or use the phrase ‘CONAI EPR fee paid’

Distributors of packaged goods

(*) In the case of transfer by producers/traders of empty packaging it is the last producer/trader conferring this to the first user who applies, declares and pays the EPR fee, after submission of the specific EPR fee exemption certificate (form 6.23) to the supplier (and CONAI);

(**) The 1st transfer also includes the transfer to Italy, however temporary and in whatever capacity, of the packaging material performed by a producer of virgin raw material or semi-worked goods to a ‘self-producer’ (who is considered to all intents and purposes a user).

N.B. In the event of empty or filled packaging from abroad being placed on the Italian market, or where it does not involve a first transfer, the EPR fee is due, declared and paid by the company placing it on the market, whenever and in whatever capacity this packaging was bought, except in the event that the EPR fee has already been paid by the foreign company (voluntarily) registered with CONAI.

CONAI EPR fee paid
The packaging EPR fee must be declared and paid to CONAI in the ways and on the dates specified in the following slides.

Declarations can only be made using the online declarations service (https://dichiarazioni.conai.org).
HOW THE EPR FEE IS CALCULATED

The EPR fee is normally calculated on the basis of the weight of the packaging made (varying by material), imported or sold. There are also simplified or facilitated procedures for companies dealing with specific types of packaging or using them in specific flows.

### EPR fee = (packaging weight) x (value of the EPR fee)

<table>

<td>METHODS 1-3</td>
<td></td>
</tr>
<tr>
<td></td>
<td>Other facilitated/simplified formulas for applications, declarations and/or exemptions</td>
<td></td>
</tr>
</tbody>
</table>

#### METHODS

- **METHOD 1**: % applied to the value of imports in euros (% differs for producers of foodstuffs or non-foodstuffs)
- **METHOD 2**: |Overall weight of packaging (tare)| x flat rate EPR fee, with no material distinctions
- **METHOD 3**: Predetermined sum based on total turnover (Italian and foreign) in the previous year

**Calculation method**
WHEN TO PRESENT DECLARATIONS

Consortium members are required to present quarterly declarations in the first year. From the second year onwards, declarations can be annual, quarterly or monthly depending on the total EPR fee declared, by material, the previous year.

In special cases EPR fee declarations are yearly:
- form 6.2 – ‘Simplified procedure using flat rate calculations based on the previous year’s turnover’
- form 6.14 – ‘Simplified procedure for labels’
- form 6.17 – ‘Simplified procedure for cork packaging’
- form 6.20 – ‘CONAI circular procedure 05/04/2012’

<table>
<thead>
<tr>
<th>From the 2nd Year of Declaration</th>

</tr>
</thead>
<tbody>
<tr>
<td>Exempt</td>

</tr>
<tr>
<td>Monthly</td>

<td>over 31,000.00</td>
</tr>
</tbody>
</table>

- Exemption from declarations for subsequent years until the threshold is crossed.
- Single declaration (annual) by 20 January in the year following the reference year.
- Quarterly declarations (20 April, 20 July, 20 October, 20 January) relating to the 3 months prior to each deadline.
- Monthly declarations (by the 20th day of the month following the reference month).
Declarations for the year 2023 must be presented in the event that the 10 tonnes of packaging per individual material threshold is crossed (including as a sum of all levels in the event of fee modulation).

From 1st July 2023 the plastic fee changes as follows:
- Level A1.2: from 60.00 €/t to 90.00 €/t
- Level A2: from 150.00 €/t to 220.00 €/t
- Level B2.2: from 410.00 €/t to 477.00 €/t

Thus, exemption calculations must take account of these changes.

N.B.: The 200.00 euro threshold refers to each packaging material, not the individual fee levels. Thus, for declaration exemption purposes, the total modulated fee relating to all fee levels by material must be taken account of.

The sums resulting from the periodic EPR fee declaration must be paid on receipt of the related CONAI invoices sent to declaring consortium members.

**ORDINARY PROCEDURE DECLARATION**

CONAI sends invoices specific to each material on behalf of each of the Packaging Material Consortia.

**SIMPLIFIED PROCEDURE DECLARATION**

CONAI sends a single invoice covering all materials.
CONAI has always dialogued with companies to simplify procedures for its consortium members with a view to adapting them to specific sector needs.

Types of packaging and/or affected sectors:

- Primary medical device packaging (Form 6.12)
- Primary pharmaceutical packaging (Form 6.13)
- Aluminium, paper and plastic labels (Form 14)
- Cork packaging (Form 17)
- Foil-cling film for foods (Form 18)
- Disposable plates and cups (Form 19)
- ‘Small traders’ of empty packaging, producers selling packaging in other materials to ‘complete ranges or packaging and transformers performing minimal working on finished packaging traded without adding further materials which impact on its weight (such as printing, screen printing, glueing, etc.)’ (Form 6.24)
- Adhesive tapes and gummed paper
- Containers for gas of various rechargeable and non-rechargeable types (CONAI circular 22/12/2014)
- Mechanical dispensers (CONAI circular 23/11/2011)
### SPECIAL EPR FEE EXEMPTION, APPLICATION, DECLARATION CASES

- Multi-material tanks, drums in plastic or steel regenerated and re-placed on the Italian market (CONAI circular 5/12/2017, 19/3/2014 and 21/11/2022)
- Reusable packaging employed in production cycles or commercial networks (Form 6.11, Form 6.11B, Form 6.11C and Form 6.20)
- Wooden pallets re-placed on the market and new pallets structurally designed for multi-year re-use (CONAI Circular 31/3/2022)
- Rolls, tubes and cylinders around which flexible material is wound (Form 6.21)
- Emptiable beverage system capsules (CONAI circular 7/10/2014)
- Dishwasher and air freshener shells-containers (CONAI circular 29/6/2015)
- Goods display stands (CONAI circular 3/12/2015)
- Black annealed wire for packaging (CONAI circular 2/12/2020)
- Small packaging (CONAI circular 3/12/2020)
- Bundle handle straps (CONAI circular 5/3/2021)
- Self-produced packaging waste scraps (CONAI circular 21/10/2021)
- Plastic plant/flower pots functioning as packaging (CONAI circular 14/12/2022)
To make use of exemptions for exported packaging (whose waste is managed abroad), consortium members can take advantage of the following procedures.

INSPECTION ACTIVITIES

CONAI is authorised to ask consortium members for clarification, information and accounting and administrative documentation to check compliance with consortium obligations and time frames (article 12 of the Regulation).

Article 14 of the Regulation sets out the **PENALTIES** incurred for each of the violations of the Articles of Association and Regulation.

In the event of either checks by CONAI or self-reporting, a **facilitated regularization procedure** involves:

- Checks limited to the last 5 years (rather than 10)
- Opportunity to pay in instalments of up to 36 months

Conditions needing to be fulfilled for the facilitated procedure:

- Submission of declarations to CONAI within 30 days of the self-report
- Full payment of the sums due to CONAI

**SELF-REPORT** for **full compliance** with EPR fee application, declaration or exemption requirements.

No penalties are incurred by consortium members self-reporting prior to inspections if:

- the EPR fee due is declared within 30 days
- the EPR fee is paid within the deadlines specified on the CONAI invoice following on from the declarations presented by consortium members
FOCUS on the MAIN NEW FEATURES for 2022/2023

- Changes to plastics fee modulation
- New procedure facilitations and simplifications
- Simplified EPR fee declaration method
- ‘Packaging Code’ tool
### CHANGES TO MODULATED FEE FOR PLASTIC PACKAGING

#### Fee levels in force from 1 January 2023:

The new packaging classifications into **nine levels** (from five in 2022) are in force together with **updated packaging lists** dependent on their technical characteristics, actual recycling on industrial scale and the costs incurred by CONAI EPR Organization in managing the various flows.

For further details consult [www.conai.org](http://www.conai.org) (in the ‘Plastics modulated fee’ section) for two lists with illustrated examples of the packaging types:

- **List of plastic packaging in fee levels up to 30 June 2023**
- **List of plastic packaging in fee levels from 1 July 2023**

For proper classification of plastic packaging in the different fee levels, the definitions and clarifications in said lists should also be consulted.

NEW PROCEDURE FACILITATIONS AND SIMPLIFICATIONS
FOR APPLICATION, DECLARATION AND/OR EXEMPTION FROM EPR FEES FOR:

- Producers/traders filling in the exempted quantity form/6.3 attached to the periodic EPR fee declaration.

- Processors performing minimum work on finished packaging bought without adding further materials which impact on its weight (such as printing, screen printing, glueing, etc.).

- Repairers of wooden pallets owned by third parties.
NEW PROCEDURE FACILITATIONS AND SIMPLIFICATIONS

EPR fee application and exemption procedure for plastic flower/plant pots.

Procedure for ex-post refund for certain cases of virgin raw material/semi-worked waste scraps generated by packaging self-production.

Online self-declarations
From 1 January 2023, self-declaration forms for special cases have to be filled in and submitted to CONAI exclusively using the Online Declarations service.
SIMPLIFIED DECLARATION METHOD

In January 2023 CONAI launched the experimental phase in an ambitious project designed to abolish the CONAI EPR fee declarations on the basis of data drawn from electronic invoicing XML estimates issued by consortium members performing packaging ‘first transfer’.

The 2023 CONAI Guide contains a “Special Section” devoted to this theme.
CONAI has made a new tool available to help users to identify the right declaration item and code for each type of material, together with any fee levels and the corresponding unit value of the EPR fee in force at the time of the search.

A table shows previous EPR fee values from 2018 for the type of packaging selected together with further information.
