

TO ALL THOSE CONCERNED

Milan, 4 May 2020

Subject: Change in the Conai Environmental Contribution through the flat-rate calculation on the weight of only the packaging of imported goods (Form 6.2 - point C) - effective date 1 July instead of 1 June 2020.

Dear Consortium Member,

Following the previous communication (which is attached for ease of consultation), we hereby inform you that, following the in-depth analyses carried out, with a view to simplification and an overall cost/benefit assessment, with reference to the declaration of the Environmental Contribution through the flat-rate calculation on the weight of only the packaging of imported goods (so-called **simplified "by tare" procedure**), **the competent Consortia Bodies have considered it appropriate that the increase should directly take effect on 1 July 2020, with a value of €92.00/t.**

Consequently, up to and including the month of June 2020 (both for the monthly declarations and for the second quarter of the current year) the rate remains unchanged, i.e. €85.00/t.
